

HE173/HE174 Temperature and Humidity Data Logger

* Features:

- LCD display shows high/low and last readings
- Data save even when battery is spent
- Selectable °C or °F
- Mini USB interface
- 43,000 log readings
- Free configuration and graphing software
- Dimensions: 125mm * 28mm * 22mm

* Specifications

Model	HE173	HE174
Accuracy	±0.5°C (±0.9°F)	±0.3°C (±0.6°F)
	±3%RH	±2%RH
Memory	43,000 readings	
Measurement Range	-30 to +85°C , 0 to 100%RH	
Resolution	0.1°C, 0.1%RH	
Battery	1/2 AA, 3.6V Lithium Battery	
Typical battery life	1 year	
IP Rating	IP67	

Logging rate	2s ~ 24h
LCD display area	18mm * 13.5mm
Accessories	To Analyzer U CD, USB cable, User Manual, Battery.

*** Applications**

Cold storage, vaccines and blood products, cold-chain transport of food, transport containers, outdoor and other special environments

*** Standard accessories**
